ROARING FORTIES™ SMA2000 series Aviation Lifejacket

ROARING FORTIES™ SMA2000 series dual buoyancy inflatable life jackets are approved by Civil Aviation Safety Authority (ATSO 1C13).

There are many versions of SMA2000 aviation lifejackets. However they all operate with the same system ie with two 18g disposable CO2 cylinders. It has an oral tube, whistle & water activated light. The lifejacket has a buoyancy of 195 Newtons (44lb or 19.95kg) after 24 hours. It takes 3 seconds to right an unconscious individual to an altitude of at least 30 degrees to the vertical with the mouth & nose well clear of the water. SMA 2000 has good rear & lateral support & is stable in either direction.

SMA2000 is approved for both Child and Adult 16KG and over.

SMA2000-1
Packed in Airline Fire-Retardant Bag

SMA2150-1
